McGiffert Hall, 2nd Floor
5751 S. Woodlawn Avenue
Chicago, Illinois 60637

January 28, 2013

To whom it may concern,

Previously, the practice of the IRB office was to approve continuing reviews that received full review and recommendation for approval at a convened IRB meeting with an approval date of one day after the meeting. This practice was adopted due to the limitations of previous document management system(s). With the transition from one electronic submission system (IRB Wise) to another (AURA-IRB), this practice is being changed.

Effective January 1, 2013, continuing reviews and amendments that are approved by the convened IRB at an IRB meeting will receive an approval date matching the day of the meeting.

Please share this letter with pharmaceutical sponsors and any other interested parties, as applicable.

If you have any questions about this procedure, please contact me or the Director of the IRB, Millie Maleckar, at 773-702-1472 or mmalecka@bsd.uchicago.edu.
